ABOUT RED DOGE

Welcome to RedDoge - where the strength of our community, symbolized by our Red Doge mascot, propels us to new heights. With 3% Dogecoin rewards and a bullish outlook.

RED DOGE

RedDoge is a memecoin, a type of cryptocurrency that is created and promoted through memes and social media. Our community-driven project rewards of DogeCoin for holders on every transaction.

RED DOGE

CONTRACT & SECURITY

Official Contract Address:

0xE175c9E9F56Ca53256365E66775EA1
D3b928d7Ee

Red Doge has implemented several security measures to protect its holders' investments. The token contract has been audited by a reputable third-party auditing firm to ensure that it is safe and secure.

Additionally, the team has locked the liquidity pool on Pinksale for a period of time, ensuring that no one can withdraw the funds and manipulate the market. Red Doge has implemented several security measures to protect its holders' investments.
